13. What is the current rate of return on fixed accounts and how long will these rates remain?	Fixed Account: 2nd quarter 2002 - 5.25% Stable Value Fund: 1-year rate of return as of 03/31/02 - 4.83%	The PLUS Fund's yield for May 2002 was 4.75% and the minimum guaranteed yield for the first quarter was 4.58%. The PLUS Fund's investment objective is the protection of principal with a minimum fixed rate of return and the potential to earn more than the minimum rate. Traditional/callable investment contracts held by the Fund are diversified among 10 different issuers; synthetic investment contracts of 2 issuers and cash equivalents also are held by the fund.
14. What type of return can I expect to receive if I invest in the variable accounts and how long will this return remain?	When you invest in the variable option, you are investing in products that are affected by the fluctuations of the stock market. Therefore, there is no guarantee on the type of return you will receive. When making an investment choice you should review the prospectus and historical performance of the fund. Be advised that past performance is no guarantee on the future performance of a fund.	When you invest in the variable option, you are investing in products that are affected by the fluctuations of the stock market. Therefore, there is no guarantee on the type of return you will receive. When making an investment choice you should review the prospectus and historical performance of the fund. Be advised that past performance is no guarantee on the future performance of a fund.
15. Are there any restrictions regarding transferring/exchanging assets within the company?	<p>No restrictions on any funds within or between the four series of funds or any restriction between the non-competing variable funds and the Stable Value fund.</p> <p>Fixed account has no limit on funds moving into the account. Transfers/exchanges have a 20% per year limit or an automatic 60-month transfer out of the fixed account. This allows for dollar cost averaging into the stock and bond fund market and preserves interest rates for Fixed account participants.</p>	<p>There are no restrictions, except:</p> <p>1) Direct transfers from the PLUS Fund to the competing Vantagepoint Money Market and VantageBroker are prohibited due to restrictions of investment contract issuers. Such transfers require a 90-day "equity wash" where assets would reside in a non-competing fund.</p> <p>2) When fund transfers are made from the Overseas Equity Index Fund, International Fund and Series/Foreign Fund (which invests in Putnam International Growth) to another investment option, participants must wait at least 91 days before transferring assets back into the Fund. This policy is designed to protect long-term investors in these funds.</p>
